

HELP END GLOBAL POVERTY

Together, we can
make poverty
history!

Did you know
only \$10 will
save two lives
from malaria?

\$200 will give enough
fertilizer to provide food
to eat and sell for one
family for a whole year

So what can I do to fundraise?

- Do Something is all about **ACTION**, but sometimes the only way to help a cause you care about is by sending money. We know this. However, we believe if you are going to send money it is better to find a way that raises funds and awareness about a cause. We think it is better to get \$1 from 100 people than it is to get \$100 from 1 person, because it means that you have reached more people.
- Check out <http://www.dosomething.org/fundraise> for some great, creative ideas!
