

Jordin Sparks Encourages Students to 'Do Something'

JORDIN SPARKS is on the rise! The former "American Idol" winner's second single "No Air," a duet with **CHRIS BROWN**, is currently at No. 5 on the music charts, and her self-titled album has gone gold! She'll also tour as the opening act for **ALICIA KEYS** starting April 19.

But the singing star is just getting started. In the spirit of "Idol Gives Back," Jordin is also giving back with [Do Something](#) and [Staples](#). The trio are teaming up with a Public Service Announcement encouraging teens to hold school supply drives this summer and drop off new notebooks, markers, pens, backpacks and other school stuff at any Staples store starting in July for underprivileged kids. The PSA begins airing in May.
