★ Happy Belated Birthday Mandy!

Wed, 04/11/2007 - 2:30pm by [PopSugar](#)

Mandy Moore spent her birthday last night at the **2007 Brick Awards** where she hung out with newly single Petra Nemcova and Susan Sarandon. Mandy performed "Extraordinary", a single from her upcoming album *Wild Hope* due out June 19th. Mandy didn't have **many nice things to say about her last album**, but she sounds more confident about this one. The Brick Awards, which celebrate young people working toward social change, will air tomorrow night on the CW. Happy Belated Birthday Mandy!
